JUNE (2023-2024)	ADDITION AND SUBTRACTION (Cont.)		
JULY (2023-2024)	MULTIPLICATION DIVISION	NET GAMES The first player throws the ball and at the same time begins reciting a table (e.g $12 \times 1 = 12$). The child who catches the ball continues to recite the table (e.g $12 \times 2 = 24$). This can be repeated for different tables. Game Integration Divides a number by another number using different methods like pictorially (by drawing dots), equal grouping or repeated subtraction and by using inter-relationship between division and multiplication.	Activity: Explore and write multiplication facts through various ways like skip counting, extending patterns, etc.

	PERIMETER		
FEBRUARY (2023-2024)	TIME	The child will enjoy doing activities to see all the things they can do in one minute. So the teacher may give them challenges which they have to complete at any particular time. Observing activities at home or school will give her/him a sense of time. For example, how much time can one hold breath? For how much time one can keep standing on one leg?, etc.
